Express EtherNetwork™
7-Port Ethernet Broadband
Router

D-Link, the worldwide leader in innovative home and business networking, sets another new standard for broadband router performance with the *D-Link Express EtherNetwork™ DI-707P.*

The DI-707P is an Ethernet Broadband Router with a built-in 7-port switch. It also features a parallel port to share a printer on a small office workgroup or network and includes a print server application for Windows[1]. As many as seven computers can be connected to the router's integrated switch, using its seven 10/100Mbps AutoMDIX Ethernet ports. The DI-707P package even includes an Ethernet cable to get you started.

The DI-707P is ideal if you're creating a small business network, or if you're a more advanced user looking for additional management settings.

The DI-707P includes an easy-to-use web-based graphical user interface (GUI) to configure the router. To keep prevent unwanted Internet intruders from accessing your network, the DI-707P also serves as a feature-rich firewall

So, whether you're a college student who wants to network with friends and roommates or a small business owner who wants to have more control over how your employees access the Internet, then the D-Link *Express* EtherNetwork DI-707P is the networking solution for you, even if you don't know much about networking.

1— Printer Server software included is for Windows Operating Systems only. Postscript Level 1 and 2 printers can be connected to the DI-707P for Macintosh OS 9.x or X computers. The DI-707P does not support non-Postscript printers with Macintosh OS.

SPECIFICATIONS

Standards
• IEEE 802.3 10Base-T Ethernet
• IEEE 802.3u 100Base-TX Fast Ethernet
• IEEE 802.3 NWay Auto-Negotiation

VPN Pass Through
• PPTP
• L2TP
• IPSec

Ports
• One WAN
• Seven LAN

Device Management
Web-Based – requires at least Microsoft Internet Explorer v5 or later; Netscape Navigator v4 or later; or other Java-enabled browsers

LEDs
• Power
• WAN
• Local Network—10/100

Operating Temperature
32°F to 131°F (0°C to 55°C)

Humidity
95% maximum (non -condensing)

Power Input
External Power Supply
DC 5V, 2A

Safety & Emissions
• FCC
• UL

Dimensions
• L = 7.56 inches (192mm)
• W = 4.64 inches (118mm)
• H = 1.22 inches (31mm)

**Weight**
0.68 lbs (0.31g)

Warranty
One Year

Advanced Firewall Features

Feature	Available
NAT with VPN Passthrough (Network Address Translation)	✓
MAC Filtering	✓
IP Filtering	✓
Virtual Server	✓
DMZ Host	✓
Dynamic DNS	✓

Network Management Controls Made Easy.

The D-Link *Express* EtherNetwork DI-707P includes firewall and network management controls. Through its easy-to-navigate, Web-based interface you can quickly set policy-based filters based on MAC and IP addresses; as well as host Web or FTP servers using Virtual Server or DMZ. Additional advanced features include pass-through of VPN sessions, especially useful for telecommuters or others who need a more secure way to communicate and transmit information.

Protect & Share Your Internet Connection and Printer

Connect up to seven computers to the DI-707P's Ethernet ports and a printer to its parallel printer port.
