PC Card

DFE-530TX+
Fast Ethernet
PCI Adapter

DSL-302G
ADSL Modem

Firewall Features

The Web-based user interface displays a number of advanced network management features including:

MAC Filtering

Easily applied filtering based on MAC addresses to allow or deny computers on the network access to the Internet.

Network Address Translation

NAT allows you to share a single IP address and protects you from outside intruders gaining access to your private network.

Built-In 7-Port Switch

Allows you to quickly and easily share an Internet connection with multiple computers and devices.

Auto-Sensing Ethernet Ports

Each 10/100 Ethernet port automatically senses and accepts the type of CAT 5 cable you attach —whether straight-through or cross-over.

Built-In Print Server

Includes a parallel port to connect to a printer and includes a Windows-based print server software application, so users on the network can share the printer¹.

Ethernet Cable Included

One Ethernet cable is included with the DI-707P to get you started.

Simple Set Up Wizard for Easy Installation

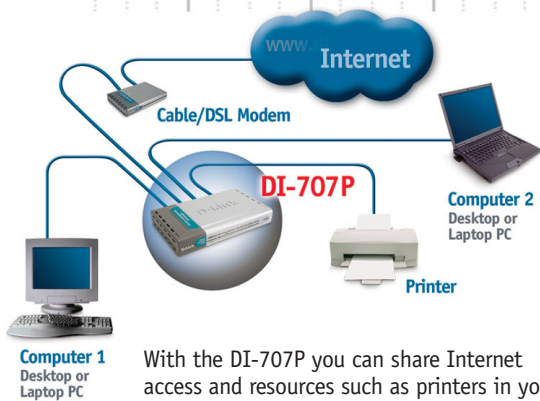

The D-Link Set Up Wizard simplifies the installation process, getting you up and

¹— Printer Server software included is for Windows Operating Systems only. Postscript Level 1 and 2 printers can be connected to the DI-707P for Macintosh OS 9.x or X computers. The DI-707P does not support non-Postscript printers with Macintosh OS.

Express EtherNetwork™

7-Port Ethernet Broadband Router

DI-707P

With the DI-707P you can share Internet access and resources such as printers in your home or office. Connect up to seven computers and a printer with the DI-707P's parallel printer port.
